HOUSE CONSIDERS BILL PROPOSING STATE REFERENDUM ON PROHIBITION

BABCOCK'S \$15,000,000 BOND ISSUE BILL CONTROVERSY IN BOTH HOUSES

St. Paul, March 12.—(U.P.)—Prohibition, highway construction and the proposed state-wide boxing bill joined the income tax today as matters clamoring for immediate attention in the Minnesota legislature.

The house was scheduled to meet at 2:30 P. M. to consider the bill proposing a state referendum on prohibition in the 1932 election. Both wets and dries claimed sufficient support to bring a vote in their favor.

Highway Commissioner C. M. Babcock's \$15,000,000 bond issue bill has become one of the most controversial in both houses. Senators began organizing in favor or against the bill today in preparation for a vote, which is scheduled for 11 A. M. tomorrow.

Three factions have been formed in the house over the highway bill, under which \$15,000,000 would be spent in the next two years on expanding and improving the state's good roads system. One group is in favor of refusing the bill entirely, the other is for reducing the amount and the third wants the bill passed as drafted.

Sponsors of the bill under which boxing would be legalized throughout the state claimed a partial victory through the passage of the bill in the house committee on general legislation. No consideration was given at the time to a bill which would abolish boxing in Minnesota.

Representatives of the state boxing commission, including Dr. Andrew Sivertsen, chairman, appeared before the house and assured legislators that boxing in Minnesota is conducted on a high plane. Rep. R. J. Quinlaven of St. Cloud questioned Sivertsen concerning several recent boxing matches. The bill under which boxing would be abolished probably will come up before the house within a week, it was said. Shortly after that time it is expected the bill passed yesterday by the house committee will go to the senate.

The income tax bill, under which a graduated levy would be made on incomes of \$1,000 or more, was introduced late yesterday in the house and was expected to come before the senate today.

Representatives backing the income tax bill pointed out in introducing it in the house that it had received the co-operative attention of the state tax commission and house and senate tax committees. No action was taken on a proposal to amend the state constitution to insure legality of the tax.

Another matter which has caused argument in the legislature for two sessions disposed of yesterday with passage in both the house and the senate of the bill designating the Wabasha Street site for the new \$15,000,000 state office building. Out-state legislators had argued in favor of the University Avenue location (called the "backyard" site by St. Paul legislators) when the bill comes up in the house.

Governor Floyd B. Olson, however, is expected to sign the Wabasha street location bill.

Public hearing will be held at 8 P. M. today on the proposal to divide St. Louis county into two sections. Another matter of interest of northern Minnesota legislators was a bill increasing the iron ore occupational tax from six to eight per cent, which was introduced yesterday in the house.

The senate workmen's compensation committee late yesterday voted to recommend confirmation of the appointment by former Governor Theodore Christianson of F. A. Duxbury as state industrial commissioner. The appointment was expected to be brought up today on the house floor, with liberal senators opposing it on charges that Duxbury had been impartial against labor in industrial compensation disputes.

Members of the senate fish and game committee advised the senate that a bill requiring owners of duck passes to open them to all hunters would be unconstitutional. Such a bill has been introduced by G. D. McCubrey of Moorhead.

After recalling from the calendar a law which would place telephone companies under jurisdiction of the state railroad and warehouse commission, the senate committee on telephones put over consideration of the bill for one week. Representatives of telephone companies appeared before the committee.

The state senate passed yesterday

Deputy Coroner Sued for \$50,000; Removed Boy's Heart

Washington, March 12.—(U.P.)—Deputy Coroner A. Magruder MacDonald has been named defendant in a \$50,000 damage suit because he removed the heart from the body of Michael Callas, 17, in the course of an autopsy. Mr. and Mrs. George Callas, parents of the youth, who had been found dead in an alley, charged that MacDonald never replaced the organ. They alleged he violated their "sacred rights" by retaining the heart.

MABEL B. ROBERTS SAYS VERDICT WAS 'JUST WONDERFUL'

AWARDED \$15,000 DAMAGES AGAINST HENRY W. LIBBY

ATTORNEYS FOR PHILANTHROPIST AND BUSINESS MAN MAY NOT APPEAL

St. Paul, March 12.—(U.P.)—Attorneys for Henry W. Libby, 55-year-old philanthropist, church official and business man, indicated today they would not appeal from the \$15,000 damage verdict awarded by a jury to his former stenographer, Mabel B. Roberts, 35, brunette and pretty.

Miss Roberts, who said the verdict was "just wonderful," had told on the witness stand of an asserted 12-year love affair with the elderly man. It began, she said, when she arrived in this country from Wales and blossomed in the state capitol where Libby was a draft official during the World war.

Visits to Libby's apartment, during which she hid in a wall bed when visitors approached, also were recounted in her testimony. Libby declared he never had proposed marriage to the stenographer and denied the alleged romance.

The jury took the case in district court shortly after noon yesterday and returned the verdict in less than four hours. Miss Roberts had asked \$25,000 damages.

MANIAC SETS FIRE TO 3 BUILDINGS

SLAIN BY STATE TROOPERS WHO FIRED TO FRIGHTEN HIM AT MORRISTOWN, N.J.

Morristown, N. J., March 12.—(U.P.)—An unidentified maniac, who set fire to three buildings on a farm near here and then tried to prevent firemen from extinguishing the blaze, was slain today by state troopers who fired to frighten him.

Mrs. Gilbert Welsh, answering a knock at the front door, was confronted by a man who shouted: "I've burned you out. Your barns are no fire."

"Call the fire engines," Mrs. Welsh said to her husband.

The maniac knocked her down and ran into the house where Welsh grappled with him. The man tore himself away.

Firemen found the 150 cattle in the three barns had been turned out. The man reappeared and tried to prevent the firemen from working. He knocked over a ladder and ran away with one of their pumps. State troopers appeared, he fled, then turned suddenly and ran toward them with his hand in his hip pocket, screaming: "I'm not afraid of you."

Trooper Lamberton fired once to frighten him, but when he continued to advance the trooper fired again and the bullet struck the man in the heart. Damage to the farm buildings was estimated at between \$40,000 and \$50,000.

St. Paul, March 12.—(U.P.)—Manufacture of automobile license plates and highway markers would be allowed at the St. Cloud reformatory under a bill recommended for passage today by the senate civil administration committee.

without a dissenting vote a bill providing for the compulsory grading of potatoes in Minnesota. Sponsors of the bill said it will establish a definite grade for potatoes and enable Minnesota growers to compete on a more equal basis with producers of other states. The house committee on markets and marketing has approved the bill and it is expected to receive early consideration in the house.

AUTO SIDESWIPE ANOTHER ON OAK STREET, 7 HURT

FRIENDS PICK UP INJURED AND BRING THEM TO BRAINERD FOR CARE

ONE BABY HURT; GIRL SUFFERS BROKEN RIBS, OTHERS CUT AND BRUISED

As by a streak of fate, two babies were the only ones of nine in a car to escape injuries in a car crash early last evening on East Oak Street at the so-called Earl O'Brien corner.

The seven injured were reported today not in serious condition. All required attention for cuts and bruises. The injured:

Mrs. William Roloff, West Brainerd. Her baby, Luverne. Lloyd Grams of Pine Center. Matt Schmolke of Westmont, Ill., formerly of Pine Center. Bessie Kline, West Brainerd. Al Schwendeman, Northeast Brainerd. Ethel Kane, West Brainerd. Clara and Rosemary, babies of Mrs. Roloff, were uninjured.

"This is a fine visit home for me," Matt Schmolke said today as he contemplated his wrecked car. He maintained that the driver of the other car did not signal he was going to turn off the highway.

The other car was driven by F. E. Silisker who lives east of Brainerd. Both cars were traveling west on Oak Street about 6 P. M. The Silisker car turned left on the highway and the Schmolke car sideswiped it, turning on its side in the ditch.

The injured were picked up by passing motorists and taken to Brainerd for treatment. The Schmolke car was returning from Woodrow where the occupants had visited friends.

Bessie Kline was reported today to have suffered a broken rib in addition to bruises.

The Silisker car was not badly damaged. The driver was not injured.

GRAF ZEPPELIN MAY AGAIN FLY NORTH ATLANTIC

DR. HUGO ECKENER, COMMANDER, CONFERS WITH NAVY DEPARTMENT OFFICIALS

AS TO POSSIBILITY OF USING LAKEHURST NAVAL AIR BASE AS AMERICAN TERMINUS

Washington, March 12.—(U.P.)—The veteran dirigible Graf Zeppelin may again cross the North Atlantic in a flight from Germany to the United States this summer.

Dr. Hugo Eckener, lighter-than-air expert and commander of the Graf on all of its cruises, conferred today with navy department officials as to the possibility of using the Lakehurst, N. J., naval air base as an American terminus.

Navy officers advised Eckener the Graf must make its trip before completion of the ZRS-4, new navy dirigible, late this summer. The old Los Angeles, together with the ZRS-4, will utilize all facilities of the Lakehurst base, it was said.

Eckener said he planned to make several trips to South America this summer. The purpose of the flights would be to survey the ground, estimate operating costs, and gain experience prior to the establishment of the proposed European-South American dirigible line.

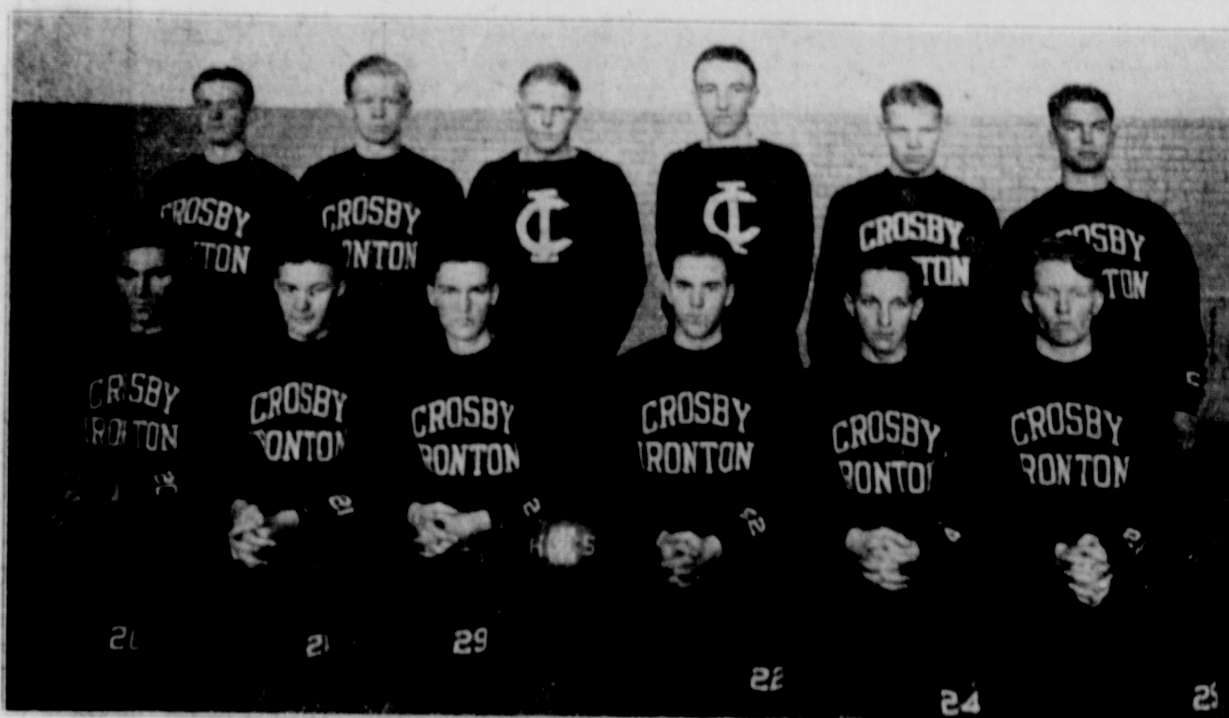

NORRIS SAYS ANOTHER ROOSEVELT IS NEEDED AT THE WHITE HOUSE

Washington, March 12.—(U.P.)—Another Roosevelt is needed in the White House, Senator George W. Norris today told the progressive conference over which he is presiding.

Norris declared it would do no good to elect a progressive congress unless there was a progressive in the president's chair.

"Even if we do have a progressive congress, do not forget that the engineer is still in the White House," Norris said. "What the country needs and what it must have is a president of the United States who is himself a progressive. What we need to bring prosperity and happiness to the individual is another Roosevelt in the White House."

How Far Will These Rangers Go?

A big question mark surrounds the entry of the Crosby-Ironton basketball team in the tournament this year. Rated weaker than in former years when they nosed out four championships over Brainerd in the past five years, fans are wondering what the strategist Woock will offer. Reading left to right, standing, Albert Turk, 26; Vilho Kosonen, 28; George Saari, 19; Frank Radosevich, 18; Muritz Erkkila, 23; John Monkkonen, 27. PROGRESSIVES IN CONFERENCE AT WASHINGTON

PREPARE TO ASSUME RESPONSIBILITY EXERCISING BALANCE OF POWER IN CONGRESS

CRITICIZE PRIVATE OPERATION OF PUBLIC UTILITIES, UNEMPLOYMENT, ETC.

By RAYMOND CLAPPER

Washington, March 12.—Progressives in conference here preparing to assume the responsibilities of exercising a balance of power in the next congress, turned their attention today to criticisms of private operation of public utilities, and to unemployment and industrial stabilization.

Out of these discussions, especially that concerning utilities, one of the important issues in the next presidential campaign may take shape.

Senator William E. Borah, republican, Idaho, has emerged in the conference as one of the striking figures in the new movement.

Already the progressives have challenged the existing order in respect to the tariff, agricultural relief, popular government, freedom of speech and the right to experiment for progress in every field of public affairs.

Borah, supported by emphatic applause, registered the general temper of the conference as one which seeks to better the condition of that 96 per cent of the population which was said to own only 20 per cent of the nation's wealth—and to lay firm hands on the other 4 per cent, not to deprive it of its wealth but to hold it in check through equality before the law.

Unemployment and industrial stabilization under modern mass production methods are regarded by the sponsors of the conference as fundamental questions involved in the present depression.

Among the speakers chosen to discuss those problems today were Senator LaFollette, republican, Wis.; Robert P. Scripps, president and editorial director of the Scripps-Howard newspapers; Leo Wolman, an employment expert, and George Soule, of the labor bureau, New York City. Senator Norris, republican, Nebraska, who called the conference, himself took charge of the public utilities topic, to which he has devoted almost a generation of study and legislative warfare.

Freedom of the press entered into the discussion when Prof. E. A. Ross, of the University of Wisconsin, declared an advertising club is held over prominent newspapers, and that the press under pressure of Chambers of Commerce has contributed toward keeping the public "doped and duped." Scripps challenged this assertion. He said:

"Neither I nor any of the editors of the papers with which I have been associated have ever been invited into any of the confidential conferences with chambers of commerce of which Professor Ross speaks."

"Maybe," he said smiling, "the danger is in the influence of newspapers upon the Chambers of Commerce." Third party talk was rigidly excluded from the program. Neither was there any reference to possible presidential opportunities for any of the independents. For the present the movement is concerned with issues, not parties or candidates.

DETECTIVE BECOMES ENMESHED IN TRAIL OF MAN'S WIFE

Chicago, March 12.—(U.P.)—When Charles Chobot doubted that his wife, Rosa, 21, was true to him he hired a detective to trail her, he testified in a divorce action in Judge Desort's court.

A short time later, he testified, police raided a hotel apartment and found Mrs. Chobot with a man who, it developed, was the detective Chobot had hired. Chobot did not name the detective.

YANGTZE RIVER SCHOONER EXPLODES AND 225 ARE KILLED

REVENUE CUTTER STEAMS TO SHANGHAI WITH 119 SURVIVORS OF ACCIDENT

ALSO CARRIES BODIES OF 7 VICTIMS OF FIRE AND BLAST ON THE STEAMER

Shanghai, March 12.—(U.P.)—The explosion on a small Yangtze river schooner with a loss of possibly 225 lives became known here today when the revenue steamer Chuentao reached port with 119 survivors of the accident.

The Chuentao also carried the bodies of seven victims of the fire and blast aboard the steamer Pachi. The captain of the latter vessel said there was an unknown number missing.

The accident occurred Wednesday night off Big Tree Basin, 60 miles from Shanghai. The captain of the Pachi said 100 soldiers boarded the ship at Woosung and virtually took possession. He asserted cigarettes, carelessly thrown by the soldiers, caused the fire and the explosion.

The captain said about 250 passengers were aboard the Pachi when the soldiers arrived. He feared 225 may have lost their lives.

SLAYER OF VIRGINIA BROOKS ELUDING THE AUTHORITIES

San Diego, Calif., March 12.—(U.P.)—The third day of the search for the slayer of Virginia Brooks, 10-year-old school girl whose body was left on the Camp Kearney mesa, found authorities facing a mystery that became more and more puzzling as the investigation progressed.

Only two suspects had been held for questioning. Both were released and officers were left without a clue to guide them.

Two strands of matted blonde hair, found in the hand of the dead child, furnished a possible aid in the hunt, but were of no value until suspects were found.

The girl's body, decapitated and with the arms removed, was found in a burlap sack on the mesa Tuesday. She had been missing since February 11.

The type of slayer was a matter of conjecture. Opinion among officers was that he was a degenerate with considerable knowledge of surgery.

FLOODS, FREEZING TEMPERATURES RULE IN FRANCE

SUFFERING AND DEATH ALONG ALMOST EVERY RIVER IN THE COUNTRY

STORMS SWEEPING SOUTHWARD FROM BRITISH ISLES CONTINUE IN EUROPE

Paris, March 12.—(U.P.)—Floods and freezing temperatures spread suffering and death along almost every river in France today as storms which swept southward from the British Isles continued in Europe.

Entire villages along the Seine, Loire, Rhone, Lot and Meuse valleys were evacuated and thousands of families were homeless.

The Loire broke its levels and isolated several villages, cutting off electrical power and causing minor landslides in the region of Vendome. About 10,000 families were driven from their homes and suffering was acute.

The Paris region was covered with snow, which halted the Engien races and increased the danger of serious floods along the Seine embankments. The Seine has risen rapidly as the snow melted in the last 24 hours.

All train and road traffic was interrupted in the lower Alps by landslides. Forty persons evacuated their homes in the region of Beaune, near Chambery, because of threatened landslides. A rock slide at Tarentaise crushed two persons to death and injured three others gravely.

The storm battered and delayed ships at sea, even the largest of transatlantic liners. The S. S. Europa arrived 18 hours late, reporting tempestuous snowstorms and gales over the North Atlantic.

PREDICTED COLD WAVE FAILED

TRICKY MOVEMENT BY HIGH PRESSURE AREA SHIFTED TEMPERATURE

St. Paul, Minn., March 12.—(U.P.)—A tricky movement by a high pressure area which supposedly was headed to Minnesota with zero temperatures saved the state from the predicted cold wave, the weather bureau said today.

Predictions of freezing weather were not verified because the high pressure area over Canada moved eastward toward the Hudson Bay district instead of over the northwest, the bureau predictor said.

For the time being at least, Minnesota has been saved from a cold wave since the weather map today showed no imminent cold weather. Light rain or snow was forecast for the north and west sections of the state.

Temperatures in the Dakotas today were below freezing and in some Minnesota towns. St. Paul had just freezing weather, Duluth was two degrees below zero, Moorhead 28, Huron, S. D., 36; Charles City, Iowa, 32; LaCrosse, Wis., 24; Bismarck, N. D., 16; Williston, N. D., 10, and Winnipeg, Man., 8.

LITTLE FALLS WAS TAKING PINE RIVER IN SECOND GAME THIS AFTERNOON

OPENING BATTLES THIS EVENING EXPECTED TO DRAW PACKED CROWD

Washington High School Gym, 4 P. M.—Getting away to a poor start, Aitkin high school was only able to score a 20-13 victory over Pequot high school in the first game of the district tournament at the Washington high gym this afternoon.

The score was tied 3 to 3 at the quarter and Aitkin held a two-point margin at the half, 7 to 5.

Aitkin was decidedly poor in scoring in the first half but experienced a mild comeback in the second half, scoring seven points in the third quarter and six points in the final quarter. Pequot found the hope for four points in the third and wound up the final canto with one point.

Aitkin was off miserably in scoring, trying as many as six times at the basket for one goal.

Had Pequot been "hot," Aitkin would have been eliminated from the tournament in the biggest surprise of the meet.

It might have been just an off-day for the Aitkin quintet. If the brand of cage ball they played this afternoon is typical of their play at this stage of the season, Crosby-Ironton or Wadena, as the case may be, will have no trouble in stowing away Aitkin.

Pequot, however, fought a nice game. Nickander was the only Aitkin scoring ace on. He sunk five field goals and two free throws.

Had Crockett, Pequot forward, a good running mate, the Class B entry would have proved damaging.

The game was without excitement. The big "kick" came when the referees stopped the game to chase a dog from the playing floor. No one could explain the "pooch's" presence. The crowd cheered the animal.

In the closing minute of the game Aitkin put in its "Primo Carnera," a six feet seven youngster by the name of Barneveldt.

About 500 fans were present.

Coaches and players in teams meeting this evening were present for the latter part of play this afternoon.

Pine River, the dark horse team of the district, was leading Little Falls, 12 to 8, at the half in the second game of the tournament this afternoon.

By the way the Little Falls-Pine River game opened, it appeared that Little Falls would have a scrap on their hands. Pine River played inspired basketball even to forcing the play.

Aggressiveness and closeness of play made the contest a rough one. Christianson, Pine River center, was an equal match with LaFond of the Falls. The first quarter found the Falls one point in the lead, 6 to 5. Pine River went into the lead early in the second quarter and the play became furious. At this point it appeared that Pine River, the dark horse, was a little too much for the down river boys. Little Falls called for time out to rest. Pine River was standing the pace well.

The Pine River center, if he continues to play like he was doing this afternoon, appears as good timber for district center.

The half ended with Pine River in the lead, 12 to 8.

FINAL—Little Falls 32, Pine River 26

The line-ups for tonight's games are announced tentatively as follows:

First Game
Crosby-Ironton—Keeler, 29, Petraborg, 22, forwards; Perpich, 20, center; Dobravich, 21, Olson, 25, guards; substitutes, Zauhar, 24, Kosonen, 28, Erkkila, 23.
Wadena—Zozel, 11, Hansen, 15, forwards; Askew, 10, center; C. Johnson, 9, Olin, 3, guards; substitutes, R. Johnson, 7, Koch, Jung, Pollard.

Second Game
Brainerd—Bob Wygle, 21, E. Foster, 14, forwards; Gerry Wygle, 15, center; Marshall, 13, Schuety, 16, guards; (Continued on page 6, column 3)

Washington, March 12.—(U.P.)—The veteran dirigible Graf Zeppelin may again cross the North Atlantic in a flight from Germany to the United States this summer.

Dr. Hugo Eckener, lighter-than-air expert and commander of the Graf on all of its cruises, conferred today with navy department officials as to the possibility of using the Lakehurst, N. J., naval air base as an American terminus.

Navy officers advised Eckener the Graf must make its trip before completion of the ZRS-4, new navy dirigible, late this summer. The old Los Angeles, together with the ZRS-4, will utilize all facilities of the Lakehurst base, it was said.

Eckener said he planned to make several trips to South America this summer. The purpose of the flights would be to survey the ground, estimate operating costs, and gain experience prior to the establishment of the proposed European-South American dirigible line.

Norris says another Roosevelt is needed at the White House

Washington, March 12.—(U.P.)—Another Roosevelt is needed in the White House, Senator George W. Norris today told the progressive conference over which he is presiding.

Norris declared it would do no good to elect a progressive congress unless there was a progressive in the president's chair.

"Even if we do have a progressive congress, do not forget that the engineer is still in the White House," Norris said. "What the country needs and what it must have is a president of the United States who is himself a progressive. What we need to bring prosperity and happiness to the individual is another Roosevelt in the White House."

How Far Will These Rangers Go?

A big question mark surrounds the entry of the Crosby-Ironton basketball team in the tournament this year. Rated weaker than in former years when they nosed out four championships over Brainerd in the past five years, fans are wondering what the strategist Woock will offer. Reading left to right, standing, Albert Turk, 26; Vilho Kosonen, 28; George Saari, 19; Frank Radosovich, 18; Muritz Erkkila, 23; John Monkkonen, 27. Sitting, left to right, Joe Perpich, 20; Sam Dobravich, 21; Donald Keeler, 29; Walter Petraborg, 22; Mike Zauhar, 24; Roland Olson, 25.

PROGRESSIVES IN CONFERENCE AT WASHINGTON

PREPARE TO ASSUME RESPONSIBILITY EXERCISING BALANCE OF POWER IN CONGRESS

CRITICIZE PRIVATE OPERATION OF PUBLIC UTILITIES, UNEMPLOYMENT, ETC.

By RAYMOND CLAPPER

Washington, March 12.—Progressives in conference here preparing to assume the responsibilities of exercising a balance of power in the next congress, turned their attention today to criticisms of private operation of public utilities, and to unemployment and industrial stabilization.

Out of these discussions, especially that concerning utilities, one of the important issues in the next presidential campaign may take shape.

Senator William E. Borah, republican, Idaho, has emerged in the conference as one of the striking figures in their new movement.

Already the progressives have challenged the existing order in respect to the tariff, agricultural relief, popular government, freedom of speech and the right to experiment for progress in every field of public affairs.

Borah, supported by emphatic applause, registered the general temper of the conference as one which seeks to better the condition of that 96 per cent of the population which was said to own only 20 per cent of the nation's wealth—and to lay firm hands on the other 4 per cent, not to deprive it of its wealth but to hold it in check through equality before the law.

Unemployment and industrial stabilization under modern mass production methods are regarded by the sponsors of the conference as fundamental questions involved in the present depression.

Among the speakers chosen to discuss those problems today were Senator La Follette, republican, Wis., Robert P. Scripps, president and editorial director of the Scripps-Howard newspapers; Leo Wolman, an employment expert, and George Soule, of the labor bureau, New York City. Senator Norris, republican, Nebraska, who called the conference, himself took charge of the public utilities topic, to which he has devoted almost a generation of study and legislative warfare.

Freedom of the press entered into the discussion when Prof. E. A. Ross, of the University of Wisconsin, declared an advertising club is held over prominent newspapers, and that the press under pressure of Chambers of Commerce has contributed toward keeping the public "doped and duped."

Scripps challenged this assertion. He said: "Neither I nor any of the editors of the papers with which I have been associated have ever been invited into any of the confidential conferences with chambers of commerce of which Professor Ross speaks."

"Maybe," he said smiling, "the danger is in the influence of newspapers upon the Chambers of Commerce."

Third-party talk was rigidly excluded from the program. Neither was there any reference to possible presidential opportunities for any of the independents. For the present the movement is concerned with issues, not parties or candidates.

DETECTIVE BECOMES ENMESHED IN TRAIL OF MAN'S WIFE

Chicago, March 12.—(U.P.)—When Charles Chobot doubted that his wife, Rosa, 21, was true to him he hired a detective to trail her, he testified in a divorce action in Judge Desort's court.

A short time later, he testified, police raided a hotel apartment and found Mrs. Chobot with a man who, it developed, was the detective Chobot had hired. Chobot did not name the detective.

YANGTZE RIVER SCHOONER EXPLODES AND 225 ARE KILLED

REVENUE CUTTER STEAMS TO SHANGHAI WITH 119 SURVIVORS OF ACCIDENT

ALSO CARRIES BODIES OF 7 VICTIMS OF FIRE AND BLAST ON THE STEAMER

Shanghai, March 12.—(U.P.)—The explosion on a small Yangtze river schooner with a loss of possibly 225 lives became known here today when the revenue steamer Chuentao reached port with 119 survivors of the accident.

The Chuentao also carried the bodies of seven victims of the fire and blast aboard the steamer Pachi. The captain of the latter vessel said there was an unknown number missing.

The accident occurred Wednesday night off Big Tree Basin, 60 miles from Shanghai. The captain of the Pachi said 100 soldiers boarded the ship at Woosung and virtually took possession. He asserted cigarettes, carelessly thrown by the soldiers, caused the fire and the explosion.

The captain said about 250 passengers were aboard the Pachi when the soldiers arrived. He feared 225 may have lost their lives.

SLAYER OF VIRGINIA BROOKS ELUDING THE AUTHORITIES

San Diego, Calif., March 12.—(U.P.)—The third day of the search for the slayer of Virginia Brooks, 10-year-old school girl whose body was left on the Camp Kearney mesa, found authorities facing a mystery that became more and more puzzling as the investigation progressed.

Only two suspects had been held for questioning. Both were released and officers were left without a clue to guide them.

Two strands of matted blonde hair, found in the hand of the dead child, furnished a possible aid in the hunt, but were of no value until suspects were found.

The girl's body, decapitated and with the arms removed, was found in a burlap sack on the mesa Tuesday. She had been missing since February 11.

The type of slayer was a matter of conjecture. Opinion among officers was that he was a degenerate with considerable knowledge of surgery.

FLOODS, FREEZING TEMPERATURES RULE IN FRANCE

SUFFERING AND DEATH ALONG ALMOST EVERY RIVER IN THE COUNTRY

STORMS SWEEPING SOUTHWARD FROM BRITISH ISLES CONTINUE IN EUROPE

Paris, March 12.—(U.P.)—Floods and freezing temperatures spread suffering and death along almost every river in France today as storms which swept southward from the British Isles continued in Europe.

Entire villages along the Seine, Loire, Rhone, Lot and Meuse valleys were evacuated and thousands of families were homeless.

The Loire broke its levels and isolated several villages, cutting off electrical power and causing minor landslides in the region of Vendome. About 10,000 families were driven from their homes and suffering was acute.

The Paris region was covered with snow, which halted the Engien races and increased the danger of serious floods along the Seine embankments. The Seine has risen rapidly as the snow melted in the last 24 hours.

All train and road traffic was interrupted in the lower Alps by landslides. Forty persons evacuated their homes in the region of Beauges, near Chambéry, because of threatened landslides. A rock slide at Tarentaise crushed two persons to death and injured three others gravely.

The storm battered and delayed ships at sea, even the largest of transatlantic liners. The S. S. Europa arrived 18 hours late, reporting tempestuous snowstorms and gales over the North Atlantic.

Predicted cold wave failed

Tricky movement by high pressure area shifted

St. Paul, Minn., March 12.—(U.P.)—A tricky movement by a high pressure area which supposedly was headed to Minnesota with zero temperatures saved the state from the predicted cold wave, the weather bureau said today.

Predictions of freezing weather were not verified because the high pressure area over Canada moved eastward toward the Hudson Bay district instead of over the northwest, the bureau predictor said.

For the time being at least, Minnesota has been saved from a cold wave since the weather map today showed no imminent cold weather. Light rain or snow was forecast for the north and west sections of the state.

Temperatures in the Dakotas today were below freezing and in some Minnesota towns. St. Paul had just freezing weather, Duluth was two degrees below zero, Moorhead 28, Huron, S. D., 35; Charles City, Iowa, 32; LaCrosse, Wis., 24; Blomark, N. D., 16; Williston, N. D., 10, and Winnipeg, Man., 8.

LITTLE FALLS WAS TAKING PINE RIVER IN SECOND GAME THIS AFTERNOON

OPENING BATTLES THIS EVENING EXPECTED TO DRAW PACKED CROWD

Washington High School Gym, 4 P. M.—Getting away to a poor start, Aitkin high school was only able to score a 20-13 victory over Pequot high school in the first game of the district tournament at the Washington high gym this afternoon.

The score was tied 3 to 3 at the quarter and Aitkin held a two-point margin at the half, 7 to 5.

Aitkin was decidedly poor in scoring in the first half but experienced a mild comeback in the second half, scoring seven points in the third quarter and six points in the final quarter. Pequot found the hoop for four points in the third and wound up the final canto with one point.

Aitkin was off miserably in scoring, trying as many as six times at the basket for one goal.

Had Pequot been "hot," Aitkin would have been eliminated from the tournament in the biggest surprise of the meet.

It might have been just an off-day for the Aitkin quintet. If the brand of cage ball they played this afternoon is typical of their play at this stage of the season, Crosby-Ironton or Wadena, as the case may be, will have no trouble in stowing away Aitkin.

Pequot, however, fought a nice game. Nickander was the only Aitkin scoring ace on. He sunk five field goals and two free throws.

Had Crockett, Pequot forward, a good running mate, the Class B entry would have proved damaging.

The game was without excitement. The big "kick" came when the referees stopped the game to chase a dog from the playing floor. No one could explain the "pooch's" presence. The crowd cheered the animal.

In the closing minute of the game Aitkin put in its "Primo Carnera," a six feet seven youngster by the name of Barnevoldt.

About 500 fans were present. Coaches and players in teams meeting this evening were present for the latter part of play this afternoon.

The box score:

Pine River, the dark horse team of the district, was leading Little Falls, 12 to 8, at the half in the second game of the tournament this afternoon.

By the way the Little Falls-Pine River game opened, it appeared that Little Falls would have a scrap on their hands. Pine River played inspired basketball even to forcing the play. Aggressiveness and closeness of play made the contest a rough one.

Christiansen, Pine River center, was an equal match with LaFond of the Falls. The first quarter found the Falls one point in the lead, 6 to 5. Pine River went into the lead early in the second quarter and the play became furious. At this point it appeared that Pine River, the dark horse, was a little too much for the down river boys. Little Falls called for time out to rest. Pine River was standing the pace well.

The Pine River center, if he continues to play like he was doing this afternoon, appears as good timber for district center.

The half ended with Pine River in the lead, 12 to 8.

FINAL—Little Falls 32, Pine River 26. The line-ups for tonight's games are announced tentatively as follows:

First Game

Crosby-Ironton—Keeler, 29, Petraborg, 22, forwards; Perpich, 20, center; Dobravich, 21, Olson, 25, guards; substitutes, Zauhar, 24, Kosonen, 28, Erkkila, 23.

Wadena—Zozel, 11, Hansen, 15, forwards; Askew, 10, center; C. Johnson, 9, Olin, 3, guards; substitutes, R. Johnson, 7, Koch, Jung, Pollard.

Second Game

Brainerd—Bob Wygle, 21, E. Foster, 14, forwards; Gerry Wygle, 15, center; Marshall, 13, Schuetz, 16, guards; (Continued on page 6, column 3)

Mrs. W. H. Cook returned this morning to her position at the Montgomery Ward store after a few days absence to be with her daughter Miss Lois who underwent an operation for appendicitis at the St. Joseph's hospital. Miss Cook was reported today to be getting along very well.

Among those from Pequot who were in the city this afternoon to attend the basketball games were Doris Tracy, Elsie Knutson, Miss Jones, Miss Knight, Miss Swanson, Miss Barbara Hall, Maxine Larson, Carline Rem and Vivian Atwater. They will also remain for the games this evening.

Among those from Brainerd who motored to Pequot yesterday afternoon to attend the funeral services held for Mrs. Elling Johnson were Mr. and Mrs. S. B. Solberg, Mrs. Anderson, Mrs. Rebecca Michaelson, Mrs. Fred Hanson, Mr. and Mrs. J. A. Lundeen, Mrs. J. P. Bakken and Mrs. Theodore Neshim. The funeral was held from the Lutheran church, Rev. O. Rem officiating, and interment was at the Pequot cemetery.

St. Mary's Guild Meets

St. Mary's Guild of the St. Paul's Episcopal church met last evening in the church basement. Hostesses were the Misses Minnie, Marie and Clara Stein.

Mrs. Frances Paine, president, gave an interesting talk on the origin, authors and composers of the various hymns used in the church.

Methodist Church Circle No. 2

Circle No. 2 of the Methodist church, Mrs. Clarence Lee chairman, will meet Friday afternoon at 2:30 o'clock with Mrs. L. G. Dunn, at 422 North Seventh street. Mrs. F. A. Kufus will be assisting hostess. Everyone invited.

Farewell Party for Mr. and Mrs. A. Erickson at Oak Lawn Town Hall

On Wednesday evening nearly a hundred nearby neighbors gathered at the farm home of Mr. and Mrs. Andrew Erickson of Oak Lawn township to bid them farewell. Mr. and Mrs. Erickson will leave in the near future to make their home elsewhere.

It was with sincere regrets that their friends bade them farewell, for they have been residents of that community for a number of years, and were active in all public affairs. After a short musical program, a beautiful floor lamp was presented to them as a token of the esteem in which they were held.

Miss Katherine Cleary to Play Accompaniment for 'Purple Towers' Play

Miss Katherine Cleary, daughter of Mr. and Mrs. W. H. Cleary, 511 North Fifth street, will play the entire accompaniment for the senior operetta "Purple Towers" at St. Mary's college, Notre Dame, Indiana. Miss Cleary, a senior this year at the college, is studying for a bachelor's degree in music. She is prominent in musical activities, is in great demands for programs, and will be presented in her graduate recital this spring.

The musical comedy, "Purple Towers" is purely a class project. The seniors have selected the cast, are coaching both principals and chorus, and will present the operetta on Saturday, Sunday and Monday, March 11, 15 and 16.

Degree of Honor Card Party

Tuesday evening, March 17 at 8:30 o'clock, the ladies of the Degree of Honor will give one of their good times card parties at the Iron Exchange hall, to which all members and friends are welcome.

Some unusual prizes are being offered at this party, and refreshments will be served. The Degree of Honor have given a number of successful 500 parties, and according to plans, this will be another evening of entertainment.

DADS' NIGHT DRAWS MANY TO LOWELL

Meeting Presided Over by Albert O. Anderson, Who Introduces Assistants

BUSINESS SESSION HELD

Followed by Interesting Program of Local Talent, and Luncheon is Served

Dad's night was held at the Lowell P. T. A. Tuesday evening. The large assembly room was filled, and many were standing. The meeting was presided over by Albert O. Anderson who introduced his assistants, Geo. Berkholder, vice president, and Elmer L. Dahl, secretary-treasurer.

At the meeting, it was decided to purchase new basketballs, volley balls and footballs for use of the school children.

The association sponsors the Scout Troop No. 43 and named as the new troop committee: A. Zimmerman, Chas. Miller, C. R. Benest and Albert O. Anderson, and also voted to pay the necessary registrations for the scoutmaster and committee. Boys of the scout troop were asked to make some repairs on the net for the tennis court.

The new teachers retirement bill was explained by Miss Williams and it was unanimously endorsed and resolutions will be sent to Senator C. Rosenmeier and letters of appreciation to Representative E. P. Scallan and A. M. Opsahl for their work on the measure.

As a nominating committee to report at the next meeting, the president appointed Mrs. F. M. Kelly, Mrs. Arthur Thon and Elmer L. Dahl.

After the business session, the Boy Scout Troop headed by Arden Miller put on an instructive demonstration of the work they are doing. A humorous reading by Miss Irja Hautala was greatly enjoyed. Rolland Jenkins, Jr., and Harold Stafford favored the audience with a saxophone duet. The Swedish Glee club sang a group of songs. Judge L. B. Kinder gave a very interesting talk on the operation of the juvenile court. Robert Crust and Elmer Dahl, members of the Board of Education from the third ward discussed the new junior high school and other school matters.

After the program, the committee of A. Zimmerman, Arthur Thon, R. E. Westerlund, Arthur Shields, J. E. Crust, and Harold Forsberg served a lunch.

The program committee consisted of Hugo Olson, Edward Crust, Jr., and H. O. Forsberg.

State Income Tax Bill is Longest Ever Introduced

St. Paul, March 12.—(UP)—Covering more than 66 pages, including a three page index, the longest bill ever to come before the legislature—a state income tax bill—was introduced in the senate today by Senator Henry Spindler, Buffalo, and nine other senators.

Accompanying the bill and sponsored by the same group was the measure calling for submission of a constitutional amendment to voters insuring legality of the proposed new tax.

17 Farm School Students are Suspended for Alleged Drinking

Minneapolis, Minn., March 12.—(UP)—Seventeen students at the farm school on the University of Minnesota agricultural campus today were suspended for alleged drinking. J. O. Christianson, acting principal, said. The boys were all under 20 years of age.

A petition asking the boys reinstatement was signed by 300 of their fellow classmates.

Parents of the suspended students have decided to protest to the governor. It was expected they will see Gov. Floyd B. Olson late today or tomorrow.

DUNCAN ROBERTSON IN RECITAL HERE

Appears Saturday Afternoon at Elks Temple Under Auspices Brainerd Musical Club

WILL SING 5 GROUPS OF SONGS

Mrs. A. F. Claus and Mrs. John Gibson to Speak at Luncheon at Ransford Hotel

Duncan Robertson, baritone, will appear Saturday afternoon at 3 o'clock at the Elks' Temple in concert under the auspices of the Brainerd Musical club. He will sing five groups of songs, being Songs of Serious People, Songs of Romantic People, Songs of Colored People, Songs of Little People and Songs of Gay People.

Duncan Robertson presents his music in a less conventional manner than the regulation concert. Sitting at the piano, to his own accompaniments, he sings these lovely songs with delight.

Duncan Robertson

Informality, creating a bond of intimacy between himself and his audience that makes his singing most appealing to the listener. He made his debut with Galli Curci, afterwards going abroad for further study. It was in Paris he conceived the idea of presenting his programmes of Salon music to his own accompaniments, which everywhere is meeting with unqualified success.

The luncheon of the Brainerd Musical club will be held promptly at 12:30 o'clock Saturday noon at the Ransford hotel, preceding the concert. The courtesy committee of the club has invited Mrs. Anton F. Claus, member of the board of directors of the Farm Bureau and Mrs. John Gibson to be the guest speakers at this luncheon. Mrs. Claus will speak on "The Master Home-Maker" and Mrs. Gibson on "Boys and Girls Club Work." All are asked to phone 305 for reservations not later than Friday if possible.

BOY OF 5 FATALLY WOUNDS BOY OF 11

Millford, Ill., March 12.—(UP)—It was a proud moment for 5-year-old Francis Borror when Lawrence Goodhue, 11, said he would let Francis fire his 22 calibre rifle.

Lawrence placed the gun in Francis' hands and started to explain how to shoot a can off a nearby fence.

Francis' fingers slipped, discharging the rifle, and Lawrence fell, fatally wounded. Neighbors found Francis was hiding in a coal shed.

Two Burned to Death in Farm Home Fire

THURSDAY, MARCH 12, 1931

Welcome to Brainerd

BRAINERD high school and all citizens are proud to entertain the district and regional high school basketball tournaments in Brainerd.

The crowds expected this week will be the greatest in the history of the sport in this city. Every courtesy should be shown the visitors. Supt. W. C. Cobb has asked the schools and citizens generally to sit in the east half of the gymnasium while the visitors will seat themselves in the west half.

Wadena is expected to send a group of over 200 fans. When people travel such a distance to see a game they should have some assurance of being seated.

The police department, fire department and other agencies of the city will be on hand to assist in handling crowds, cars, etc.

Be kind and courteous to the visitors. Show them every attention. Brainerd people appreciated the attentions shown them by Alexandria at the regional.

Brainerd's capacity for handling and entertaining huge crowds is on trial and let every citizen do his civic duty.

Bituminous Treatment of Highways

C. M. BABCOCK, State Highway Commissioner, has announced that bids on bituminous treatment of 650 miles of graveled trunk highways will be received March 17 by the Minnesota Highway Department. Another 150 miles may be added to the program later in the season.

Trunk Highway No. 35 is to be coated from Garrison to Aitkin, a distance of 14 miles. All motorists are assured that the stretch from Garrison to the Four Mile Corner on No. 2, east of Brainerd, carries more travel and is more in need of bituminous treating than the section on Trunk Highway No. 35.

Brainerd has received assurances that the Garrison-Brainerd section is to be treated in the near future, but in the correspondence between Frank E. Little, then mayor of Brainerd, and the State Highway Department, no certain time was fixed.

It is hoped that every civic organization in Brainerd will add its plea to the chorus asking for bituminous treatment of the Garrison to Brainerd stretch of highway on State Trunk No. 18. The travel there is far in excess of that carried on No. 35 from Garrison to Aitkin.

Royalty to Visit America

NEXT month King Praja Dhipok and Queen Rambhai of Siam are to visit the United States. They will travel by a special Soo Line train from Vancouver and will enter the United States at Portal, N. D., and then proceed eastward through Minnesota. They are expected to pass through St. Paul about April 20.

The king is coming to the United States to receive medical treatment. He will confer with President Hoover in Washington, D. C.

Newspapers mention the quandary of the state department. The king and queen are entitled to a salute of some 20 guns when they enter U. S. territory. Now where shall the salute be fired? North Dakota has no artillery at Portal and so facilities for such a salute are limited. The king and queen will travel in easy stages to get to Washington where they will meet President Hoover. Shall the salute be deferred until they reach Washington?

Fort Snelling at St. Paul and the University of Minnesota can be depended upon to fire salutes but will it be proper to wait until the royal train has passed through North Dakota and entered Minnesota?

Electric Power Interests

SENATOR GEORGE W. NORRIS, Republican, of Nebraska, in his keynote speech at the progressive conference in Washington, scored the electric power interests and claimed they are seeking control of both major party national conventions to name presidential candidate of their viewpoint.

"Their attempt is to fight the campaign on a false issue, about which they care nothing, but being careful that the candidates for president in each of the parties shall have their viewpoint upon the real issue, which, to the very best of their ability, they will keep in the background," he said.

The power interests have previously been attacked in New York and Pennsylvania campaigns. It has caused people to study electrical costs and equipment, to make comparisons between rates charged and to generally gain data on a utility which now enters into practically the lives of all people.

Weather Forecast a Flop Here

THE weather forecast made from St. Paul yesterday, that the whole state was to experience a 20 to 40 degree drop, was a flop so far as Brainerd is concerned. It caused a lot of motorists to pay particular attention to their cars and to house them instead of leaving them outside. It did make business for the auto storage men.

The thermometer, however, refused to drop and no snow fell. The temperature at 6 o'clock last evening was 35 degrees. Thereafter, the coldest during the night was 29 degrees and at 8 o'clock this morning 34 degrees was registered. So the cold spell predicted for this section never came to pass, in fact it was a warmer night than Brainerd has experienced any time this month.

Al Smith for Mayor of New York

AL SMITH for mayor of New York may be a successful venture for Mr. Smith should he enter the lists. He knows his New York and the needs of the city. He is assured of a large following which, translated into votes, will elect him to the office.

Mr. Smith will be every bit as diplomatic and resourceful welcoming the many celebrities to New York city, making rapid appearances and other short speeches, as the present incumbent.

BRAINERD lake advertising should now be in course of distribution. The season will open early. Pine Beach hotel being ready before June 1. Other resorts in the vicinity will also follow this early calendar. Last year the season at the lakes did not open generally until the middle of June.

WHAT to plant? That is what worries many of the farmers. And what will best survive a dry spell should we again be short of moisture?

NEW 5 POWER NAVAL PACT IS TO BE DRAWN UP

COMMITTEE REPRESENTING U.
S., BRITAIN, JAPAN, FRANCE
AND ITALY, AT WORK

IS TO INCORPORATE THE NEW
FRANCO-ITALIAN ACCORD
PERFECTED

London, March 12.—(U.P.)—A committee representing the United States, Britain, Japan, France and Italy will be formed to draft a new five power naval limitations agreement, incorporating the new Franco-Italian accord, it was understood today in reliable American quarters.

The committee would meet in London, possibly in April, with Ambassador Charles G. Dawes as the probable United States representative. Dawes visited the foreign office today regarding another matter but was understood to have discussed the disarmament question.

The accord was greeted in London, Paris and Rome today with praise for its political contribution toward a successful 1932 world disarmament conference, but with definite dissatisfaction with various technical provisions for limitation of navy armaments.

The accord was generally considered an outstanding political building and laying the basis for naval limitations at the 1932 conference at Geneva. Otherwise, there was apparent desire in London and Rome for future changes which would make the accord less favorable to France.

It was understood that (1) Britain will seek a reduction in the submarine tonnage granted France; (2) Britain, France and Italy would promote proposals for general revision of the Washington naval treaty and the London naval treaty at the 1932 Geneva conference; (3) Britain and France will seek reduction of capital ships below the 35,000 tons maximum demanded by the United States; and (4) Italy will retain the principles of the demands for parity with France, although granting French superiority until 1936.

Carolina Woman Lost 47 Lbs.

In 3 Months and
Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1931. "You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 1 week costs but 85 cents at Johnson's Pharmacy, Economy Drug Co. and druggists the world over. Take one half teaspoon in glass of hot water every morning before breakfast.

Attention! To diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back. advt.

Welcome to Brainerd

BRAINERD high school and all citizens are proud to entertain the district and regional high school basketball tournaments in Brainerd.

The crowds expected this week will be the greatest in the history of the sport in this city. Every courtesy should be shown the visitors. Supt. W. C. Cobb has asked the schools and citizens generally to sit in the east half of the gymnasium while the visitors will seat themselves in the west half.

Bituminous Treatment of Highways

C. M. BABCOCK, State Highway Commissioner, has announced that bids on bituminous treatment of 650 miles of graveled trunk highways will be received March 17 by the Minnesota Highway Department. Another 150 miles may be added to the program later in the season.

Trunk Highway No. 35 is to be coated from Garrison to Aitkin, a distance of 14 miles. All motorists are assured that the stretch from Garrison to the Four Mile Corner on No. 2, east of Brainerd, carries more travel and is more in need of bituminous treating than the section on Trunk Highway No. 35.

Brainerd has received assurances that the Garrison-Brainerd section is to be treated in the near future, but in the correspondence between Frank E. Little, then mayor of Brainerd, and the State Highway Department, no certain time was fixed.

It is hoped that every civic organization in Brainerd will add its plea to the chorus asking for bituminous treatment of the Garrison to Brainerd stretch of highway on State Trunk No. 18. The travel there is far in excess of that carried on No. 35 from Garrison to Aitkin.

Fort Snelling at St. Paul and the University of Minnesota can be depended upon to fire salutes but will it be proper to wait until the royal train has passed through North Dakota and entered Minnesota?

Electric Power Interests

SENATOR GEORGE W. NORRIS, Republican, of Nebraska, in his keynote speech at the progressive conference in Washington, scored the electric power interests and claimed they are seeking control of both major party national conventions to name presidential candidate of their viewpoint.

"Their attempt is to fight the campaign on a false issue, about which they care nothing, but being careful that the candidates for president in each of the parties shall have their viewpoint upon the real issue, which, to the very best of their ability, they will keep in the background," he said.

The power interests have previously been attacked in New York and Pennsylvania campaigns. It has caused people to study electrical costs and equipment, to make comparisons between rates charged and to generally gain data on a utility which now enters into practically the lives of all people.

Weather Forecast a Flop Here

THE weather forecast made from St. Paul yesterday, that the whole state was to experience a 20 to 40 degrees drop, was a flop so far as Brainerd is concerned. It caused a lot of motorists to pay particular attention to their cars and to house them instead of leaving them outside. It did make business for the auto storage men.

The thermometer, however, refused to drop and no snow fell. The temperature at 6 o'clock last evening was 35 degrees. Thereafter, the coldest during the night was 29 degrees and at 8 o'clock this morning 34 degrees was registered. So the cold spell predicted for this section never came to pass, in fact it was a warmer night than Brainerd has experienced any time this month.

Al Smith for Mayor of New York

AL SMITH for mayor of New York may be a successful venture for Mr. Smith should he enter the lists. He knows his New York and the needs of the city. He is assured of a large following which, translated into votes, will elect him to the office.

Mr. Smith will be every bit as diplomatic and resourceful welcoming the many celebrities to New York city, making radio appearances and other short speeches, as the present incumbent.

BRAINERD lake advertising should now be in course of distribution. The season will open early, Pine Beach hotel being ready before June 1. Other resorts in the vicinity will also follow this early calendar. Last year the season at the lakes did not open generally until the middle of June.

WHAT to plant? That is what worries many of the farmers. And what will best survive a dry spell should we again be short of moisture?

NEW 5 POWER NAVAL PACT IS TO BE DRAWN UP

COMMITTEE REPRESENTING U.
S., BRITAIN, JAPAN, FRANCE
AND ITALY, AT WORK

IS TO INCORPORATE THE NEW
FRANCO-ITALIAN ACCORD
PERFECTED

London, March 12.—(U.P.)—A committee representing the United States, Britain, Japan, France and Italy will be formed to draft a new five power naval limitations agreement, incorporating the new Franco-Italian accord, it was understood today in reliable American quarters.

The committee would meet in London, possibly in April, with Ambassador Charles G. Dawes as the probable United States representative. Dawes visited the foreign office today regarding another matter but was understood to have discussed the disarmament question.

The accord was greeted in London, Paris and Rome today with praise for its political contribution toward a successful 1932 world disarmament conference, but with definite dissatisfaction with various technical provisions for limitation of navy armaments.

The accord was generally considered an outstanding political building and laying the basis for naval limitations at the 1932 conference at Geneva. Otherwise, there was apparent desire in London and Rome for future changes which would make the accord less favorable to France.

It was understood that (1) Britain will seek a reduction in the submarine tonnage granted France; (2) Britain, France and Italy would promote proposals for general revision of the Washington naval treaty and the London naval treaty at the 1932 Geneva conference; (3) Britain and France will seek reduction of capital ships below the 35,000 tons maximum demanded by the United States; and (4) Italy will retain the principles of the demands for parity with France, although granting French superiority until 1936.

Carolina Woman Lost 47 Lbs.

In 3 Months and
Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1931. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so liberated to you for putting out such wonderful salts that I cannot say enough.

A bottle of Kruschen Salts that lasts a week costs but 35 cents at Johnson's Pharmacy, Economy Drug Co. and druggists the world over. Take one half teaspoon in glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—so light on potatoes, butter, sugar—eat green—The Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back. advt.

Painful Piles

Quick—No Cutting—No Salves
It takes only one bottle of Dr. J. S. Leonard's prescription—HEM-ROID—to end itching, bleeding, protruding piles. This internal remedy acts quickly even in old, stubborn cases. HEM-ROID succeeds because it heals and restores the affected parts and removes blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting fail. Johnson's Pharmacy, H. P. Dunn say HEM-ROID Tablets must end your Pile misery or money back. advt.

BILL TERRY IN HOPE OF GETTING SALARY DEMAND

WAS VOTED MOST VALUABLE
PLAYER IN NATIONAL LEAGUE
LAST SEASON

WANTS \$25,000 FOR ONE YEAR
SERVICE WITH THE NEW
YORK GIANTS

By MERRILL E. COMPTON
(United Press Staff Correspondent)
Memphis, Tenn., March 12.—(U.P.)—Bill Terry voted the most valuable player in the national league last season and considered one of the greatest first basemen of all time told the United Press today that he expected the New York Giants to meet his salary demands within the next few days.

Terry is holding out for a one year contract calling for \$25,000 salary. He said Manager John McGraw and President Charles A. Stoneham of the Giants had informed him \$22,000 was their best price.

"But it will be \$25,000 or nothing," Terry said. "I'll stay out of baseball all year before I weaken. I am in a position to stay out."

"Baseball writers say my trading price is \$150,000 now. Do you think the Giants would want to discard a piece of material worth that much for \$3,000?"

Terry reiterated his belief that every ball player should have a trade to fall back on when ill winds blow. With Terry it is the oil business. Terry is 32, but despite his youthfulness is considered a veteran in the trade having been employed by the same company for 12 years.

Terry has been conditioning himself here and said he would be ready to play first base the minute the Giants consented to his salary demands.

BOXER KILLED IN RING AS HIS WIFE LOOKED ON

Prescott, Ariz., March 12.—(U.P.)—While his wife looked on, from a ring side seat, Sam Terrin, middleweight boxer of Phoenix, was killed during the third round of a scheduled ten round fight here last night with John Henry, Phoenix negro.

Henry was taken into technical custody pending the verdict of a coroner's jury. He knocked Terrin to the floor with a left to the heart and a right to the jaw. Terrin died a few minutes later.

THREATEN MADISON SQUARE MONOPOLY ON OUTDOOR BOXING

New York, March 12.—(U.P.)—Madison Square Garden's monopoly on important outdoor boxing shows in the metropolitan area was threatened seriously today by the entrance of James J. Johnston into the promoting field.

Johnston, "favorite son" of the New York athletic commission, has secured exclusive use of Ebbetts field, Brooklyn, for outdoor shows during the 1931 season and plans to stage a number of important matches. Humbert J. Fugazy, erstwhile rival to Tex Rickard, will serve as matchmaker for Johnston.

KING TUT OUT OF RING FOR 6 MONTHS

Rochester, Minn., March 12.—(U.P.)—Henry Tuttle, the Minneapolis welterweight who boxes under the name of King Tut, probably will not be in the ring for six months, Leo Leitt, his manager, said today.

Tut is recovering from an appendicitis operation performed Tuesday and was reported doing nicely today. Leitt said he had declined offers for the King to box in Detroit, Chicago, St. Louis and Milwaukee so that the boxer would have ample time to regain his strength.

Early Telephones were hard to use..

as compared
with the
convenient
modern kind

THE first telephones were inconvenient to use; they had one opening which was used both as transmitter and receiver. Instructions posted near the telephone included the advice: "Don't talk with your ear or listen with your mouth."

To remove the cause for this confusion, it soon became the practice to equip telephones with a pair of combination receivers and transmitters, shaped much like a modern receiver. Either of these could be used for talking or for listening.

In a few years, desk telephones were developed... continued improvements have resulted in the telephones of today... the wall, the desk and the hand telephones, all as convenient and efficient as it so far has been possible to make them.

Equipment now available for telephone users through this Company includes much more than one telephone for a customer. Extension telephones, switches, intercommunicating systems, portable telephones, extension signals and other equipment have been devised so that each individual user can have telephone service that meets all the requirements in his home or place of business.

This Company continually strives to provide telephone service that meets the requirements of its customers... that is prompt, accurate, convenient and otherwise satisfactory... and constantly endeavors to improve that service.

NORTHWESTERN BELL TELEPHONE COMPANY

★ The Northwestern Bell Telephone Company, which operates in the states of Iowa, Minnesota, Nebraska, North and South Dakota, is an Associated Company of the Bell System. It owns and operates more than 650,000 telephones. Its lines connect with more than 900,000 telephones of other companies in these five states and with nearly 30,000,000 others throughout the United States and in foreign countries. It employs more than 12,000 men and women.

The first telephones had one opening both for speaking and hearing

PANTAGES ISSUES CRY OF 'FRAMEUP'

CHARGES INVOLVE THEATRE
MAGNATE WITH A 16-
YEAR-OLD GIRL

San Diego, Calif., March 12.—(U.P.)—Alexander Pantages, theatre millionaire whose life has been a series of bitter struggles in business and the courts, today issued the cry of "frame-up" against charges involving him with a 16-year-old girl.

Pantages, already fighting for his liberty before the state supreme court in a conviction of assaulting Eunice Ringle, 17-year-old dancer, declared "I Apia Caliente, across the Mexican border from here, that he knew nothing of a party he was charged with having attended at a San Diego hotel with Alice Blake, 16.

The theatre man yesterday surrendered in municipal court here on statutory charges involving Miss Blake, whose real name is Lydia Nitto. He posted \$15,000 bail and returned to Apia Caliente in time to witness the second horse race on the afternoon program.

"I know nothing about this girl or the affair they are talking about," Pantages said in his excited manner. "It is another frameup. I know I will be cleared when the real facts come out."

William Johelmann, Pantages' former press agent is held in Los Angeles on charges of working with Mrs. Olive Day in a scheme to supply young girl party companions to

Painter Worked So Hard He Set the House on Fire

St. Paul, March 12.—(U.P.)—Harry Lissman, a painter, worked so hard today that he set afire the house on which he was working.

Lissman was applying varnish remover to the interior. He rubbed a saturated cloth so swiftly and steadily on a wall that the highly inflammable liquid burst into flames from the friction.

The painter was taken to a hospital with serious burns and the house was damaged to the extent of \$50.

OLD HOME TOWN GANG ENTERTAINS FOR ROTHAPPEL

Stillwater, Minn., March 12.—(U.P.)—The old home town gang will give a luncheon tomorrow for Samuel L. Rothapel, theatrical and musical entertainer who built up his own "Roxy's Gang."

Roxy will play the role of the home town boy who made good and then came back to visit the scene of his childhood. Stillwater business men are planning the luncheon.

Roxy will come here by automobile from Minneapolis where he is performing in the Minneapolis auditorium. J. R. Kollmer is in charge of the affair which will include a sightseeing tour to recall the spots where Roxy played as a child here.

Charges against Pantages grew out of his alleged participation in the scheme.

STOCK MARKET IN NARROW RANGE

AMERICAN TELEPHONE, WOOL-
WORTH UNCHANGED FROM
PREVIOUS CLOSE

By ELMER C. WALZER
(United Press Financial Editor)

New York, March 12.—The stock market moved in a narrow price range today in quiet trading.

American Telephone and Woolworth were unchanged from the previous close, while U. S. Steel eased off 1-8 to 144 1-4.

Small declines were noted in Mullins Manufacturing, International Nickel, Baltimore & Ohio, Pennsylvania Railroad, Standard Gas, Montgomery Ward, American Foreign Power and Standard Oil of New Jersey.

New York Central dipped to a new low for the year in the early trading at 112 1-4 off 1 3-8 from the previous close. Westinghouse Electric dropped after opening at 92 1-8 off 1 5-8.

Small gains were made by Midland Steel Products, Auburn Auto, Union Pacific, Standard Brands, Standard of New York, Lorillard, Yellow Truck and Public Service of New Jersey.

A group of good and poor 1930 earnings reports was among the grist of news today.

St. Paul, March 13.—(U.P.)—William F. Carter, 46, a window washer, was instantly killed late today when his safety belt broke and he fell five stories from the side of a downtown office building. The body fell in an alley.

BILL TERRY IN HOPES OF GETTING SALARY DEMAND

WAS VOTED MOST VALUABLE
PLAYER IN NATIONAL LEAGUE
LAST SEASON

WANTS \$25,000 FOR ONE YEAR
SERVICE WITH THE NEW
YORK GIANTS

By MERRILL E. COMPTON
(United Press Staff Correspondent)
Memphis, Tenn., March 12.—(U.P.)—Bill Terry voted the most valuable player in the national league last season and considered one of the greatest first basemen of all time told the United Press today that he expected the New York Giants to meet his salary demands within the next few days.

Terry is holding out for a one year contract calling for \$25,000 salary. He said Manager John McGraw and President Charles A. Stoneham of the Giants had informed him \$22,000 was their best price.

"But it will be \$25,000 or nothing," Terry said. "I'll stay out of baseball all year before I weaken. I am in a position to stay out."

"Baseball writers say my trading price is \$150,000 now. Do you think the Giants would want to discard a piece of material worth that much for \$3,000?"

Terry reiterated his belief that every ball player should have a trade to fall back on when ill winds blow. With Terry it is the oil business. Terry is 32, but despite his youthfulness is considered a veteran in the trade having been employed by the same company for 12 years.

Terry has been conditioning himself here and said he would be ready to play first base the minute the Giants consented to his salary demands.

BOXER KILLED IN RING AS HIS WIFE LOOKED ON

Prescott, Ariz., March 12.—(U.P.)—While his wife looked on, from a ring side seat, Sam Terrin, middleweight boxer of Phoenix, was killed during the third round of a scheduled ten round fight here last night with John Henry, Phoenix negro.

Henry was taken into technical custody pending the verdict of a coroner's jury. He knocked Terrin to the floor with a left to the heart and a right to the jaw. Terrin died a few minutes later.

THREATEN MADISON SQUARE MONOPOLY ON OUTDOOR BOXING

New York, March 12.—(U.P.)—Madison Square Garden's monopoly on important outdoor boxing shows in the metropolitan area was threatened seriously today by the entrance of James J. Johnston into the promoting field.

Johnston, "favorite son" of the New York athletic commission, has secured exclusive use of Ebbetts field, Brooklyn, for outdoor shows during the 1931 season and plans to stage a number of important matches. Humbert J. Engazy, erstwhile rival to Tex Rickard, will serve as matchmaker for Johnston.

KING TUT OUT OF RING FOR 6 MONTHS

Rochester, Minn., March 12.—(U.P.)—Henry Tuttle, the Minneapolis welterweight who boxes under the name of King Tut, probably will not be in the ring for six months, Leo Lett, his manager, said today.

Tut is recovering from an appendicitis operation performed Tuesday and was reported doing nicely today. Lett said he had declined offers for the King to box in Detroit, Chicago, St. Louis and Milwaukee so that the boxer would have ample time to regain his strength.

Early Telephones were hard to use..

as compared
with the
convenient
modern kind

THE first telephones were inconvenient to use; they had one opening which was used both as transmitter and receiver. Instructions posted near the telephone included the advice: "Don't talk with your ear or listen with your mouth."

To remove the cause for this confusion, it soon became the practice to equip telephone sets with a pair of combination receivers and transmitters, shaped much like a modern receiver. Either of these could be used for talking or for listening.

In a few years, desk telephones were developed... continued improvements have resulted in the telephones of today... the wall, the desk and the hand telephones, all as convenient and efficient as it so far has been possible to make them.

Equipment now available for telephone users through this Company* includes much more than one telephone for a customer. Extension telephones, switches, intercommunicating systems, portable telephones, extension signals and other equipment have been devised so that each individual user can have telephone service that meets all the requirements in his home or place of business.

This Company continually strives to provide telephone service that meets the requirements of its customers... that is prompt, accurate, convenient and otherwise satisfactory... and constantly endeavors to improve that service.

NORTHWESTERN BELL TELEPHONE COMPANY

*The Northwestern Bell Telephone Company, which operates in the states of Iowa, Minnesota, Nebraska, North and South Dakota, is an Associated Company of the Bell System. It owns and operates more than 600,000 telephones. Its lines connect with more than 900,000 telephones of other companies in these five states and with nearly 35,000,000 others throughout the United States and in foreign countries. It employs more than 12,000 men and women.

The first telephones had one opening both for speaking and hearing

PANTAGES ISSUES CRY OF 'FRAMEUP'

CHARGES INVOLVE THEATRE
MAGNATE WITH A 16-
YEAR-OLD GIRL

San Diego, Calif., March 12.—(U.P.)—Alexander Pantages, theatre millionaire whose life has been a series of bitter struggles in business and the courts, today issued the cry of "frame-up" against charges involving him with a 16-year-old girl.

Pantages, already fighting for his liberty before the state supreme court in a conviction of assaulting Eunice Pringle, 17-year-old dancer, declared at Agua Caliente, across the Mexican border from here, that he knew nothing of a party he was charged with having attended at a San Diego hotel with Alice Blake, 16.

The theatre man yesterday surrendered in municipal court here on statutory charges involving Miss Blake, whose real name is Lydia Nitto. He posted \$15,000 bail and returned to Agua Caliente in time to witness the second horse race on the afternoon program.

"I know nothing about this girl or the affair they are talking about," pantages said in his excitable manner. "It is another frameup. I know I will be cleared when the real facts come out."

William Jobelmann, Pantages' former press agent is held in Los Angeles on charges of working with Mrs. Eve Day in a scheme to supply young girl party companions to

Painter Worked So Hard He Set the House on Fire

St. Paul, March 12.—(U.P.)—Harry Lissman, a painter, worked so hard today that he set afire the house on which he was working.
Lissman was applying varnish remover to the interior. He rubbed a saturated cloth so swiftly and steadily on a wall that the highly inflammable liquid burst into flames from the friction.
The painter was taken to a hospital with serious burns and the house was damaged to the extent of \$50.

OLD HOME TOWN GANG ENTERTAINS FOR ROTHAPPEL

Stillwater, Minn., March 12.—(U.P.)—The old home town gang will give a luncheon tomorrow for Samuel L. Rothapel, theatrical and musical entertainer who built up his own "Roxy's Gang."

Roxy will play the role of the home town boy who made good and then came back to visit the scene of his childhood. Stillwater business men are planning the luncheon.

Roxy will come here by automobile from Minneapolis where he is performing in the Minneapolis auditorium. J. R. Kollmer is in charge of the affair which will include a sightseeing tour to recall the spots where Roxy played as a child here.

wealthy men. Charges against Pantages grew out of his alleged participation in the scheme.

STOCK MARKET IN NARROW RANGE

AMERICAN TELEPHONE, WOOL-
WORTH UNCHANGED FROM
PREVIOUS CLOSE

By ELMER C. WALZER
(United Press Financial Editor)

New York, March 12.—The stock market moved in a narrow price range today in quiet trading.

American Telephone and Woolworth were unchanged from the previous close, while U. S. Steel eased off 1-8 to 144 1-4.

Small declines were noted in Mullins Manufacturing, International Nickel, Baltimore & Ohio, Pennsylvania Railroad, Standard Gas, Montgomery Ward, American Foreign Power and Standard Oil of New Jersey.

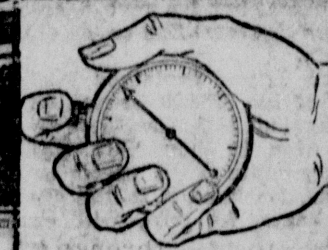

New York Central dipped to a new low for the year in the early trading at 112 1-4 off 1-8 from the previous close. Westinghouse Electric dropped after opening at 92 1-8 off 1-8.

Small gains were made by Midland Steel Products, Auburn Auto, Union Pacific, Standard Brands, Standard of New York, Lorillard, Yellow Truck and Public Service of New Jersey.

A group of good and poor 1930 earnings reports was among the gist of news today.

St. Paul, March 13.—(U.P.)—William F. Carter, 46, a window washer, was instantly killed late today when his safety belt broke and he fell five stories from the side of a downtown office building. The body fell in an alley.

WHITTIER P. T. A. HAS LADIES NIGHT

Officers Pro Tem President Miss Louise Barrett, Secretary Mrs. Asher Taylor

TREASURER MRS. ALEXANDER

Whittier Teachers Dress in Costume, Sing Song Composed by Miss Barrett

Whittier P. T. A. held its annual ladies night last Tuesday at the school. On this occasion the ladies took charge and carried on the business of the association. The officers pro tem for the evening were: president, Miss Louise Barrett; secretary, Mrs. Asher Taylor; treasurer, Mrs. A. L. Alexander.

The program committee arranged the following program:

Group of songs—Eighth grade special chorus.

Reading, "Humoresque"—Miss Bernice Steinfeldt.

Solo—Marcella Holm.

Reading, "Everybody's Husbands"—Mrs. C. L. Burnett.

As a fitting climax to the program, the Whittier teachers dressed in costume and sang a song composed by Miss Barrett.

A short business session consisting of the minutes of the last meeting then followed. The association went on record as backing the revised teachers retirement fund measure now before the legislature for consideration and asked the secretary to so advise the State Senator C. Rosenmeier. A motion was made and carried that the Whittier P. T. A. would sponsor a recital to be given by Miss Johnson and Miss Hartzberg at the high school sometime in May.

The meeting then adjourned, and the lunch committee consisting of Mrs. Wm. V. Turcotte, chairman, Mrs. F. E. Stout, Mrs. Frank G. Hall, Mrs. Charles W. Hoffman, Mrs. Vern Hiten and Miss Maggie Atherton served a tasty lunch.

SENT 100 BOXES

OF CANDY TO LADY

OF HIS AFFECTIONS

San Francisco, Calif., March 12—(UP)—Joseph W. Payne, Nevada mining man, doesn't post as an expert on affairs of the heart, but he gave a superior court jury several tips today on what not to do.

For instance, Payne explained during the trial of his \$25,000 breach of promise suit against Mrs. Maude Meredith, candy, even in quantities, will not necessarily capture the object of your affections. He tried it to the extent of 100 boxes, he said, without much success.

The \$25,000 was Payne's estimate of his losses from candy, an engagement ring, an automobile and injured feelings. For her part, Mrs. Meredith said she was annoyed by his proposals and refused them.

TOWN OF NITRO ON AUCTION BLOCK

Charleston, W. Va., March 12—(UP)—The town of Nitro, near here, was placed on the auction block today when Federal Judge George W. McClintock ordered it sold to satisfy a government lien of \$950,448.

Nitro came into existence during the world war as an explosives manufacturing center. It was built by the government at a cost of \$70,000,000 and was sold, after the war, to the Charleston Industrial corporation.

When the corporation defaulted, the government foreclosed a mortgage and declared a receivership under which the city has been operating since October, 1927.

CHARGED WITH SLAYING UNIDENTIFIED MAN

Indianapolis, March 12—(UP)—Final arguments were completed today in the trial of Harold Herbert Schroeder on a first degree murder charge, and court was adjourned until 2 p. m.

Schroeder is charged with murdering an unidentified man whose charred body was found in Schroeder's burning automobile last May 31.

Dick Holzer of Moorhead and Frank Cleve of Concordia College, Moorhead, will be the officials in charge of play. The former is known to Brainerd fans, having refereed the Crosby-Ironton-Brainerd game one year ago. He is efficient, explaining technical and personal fouls as they are called.

Attendants at the games in Brainerd will have no cause for worry concerning automobiles parked outside the school. The police department of Brainerd has employed plain clothes men to patrol the parking places outside the school to prevent molesting of vehicles.

The doors will open at 7 P. M.

Gov. Olson Signs Bill Creating Lindbergh Park

St. Paul, March 12—(UP)—Governor Floyd B. Olson, Minnesota's first farmer-labor governor, today signed the measure creating a state park of the home of Charles A. Lindbergh, near Little Falls.

Lindbergh's father was a rival for the gubernatorial nomination against Olson seven years ago. The measure carried \$5,000 for care of the farm where the New York to Paris flier spent his childhood.

Sing Song Composed by
Miss Barrett

Whittier P. T. A. held its annual ladies night last Tuesday at the school. On this occasion the ladies took charge and carried on the business of the association. The officers pro tem for the evening were, president, Miss Louise Barrett; secretary, Mrs. Asher Taylor; treasurer, Mrs. A. L. Alexander.

The program committee arranged the following program:

Group of songs—Eighth grade special chorus.

Reading, "Humoresque"—Miss Bernice Steinfeld.

Solo—Marcella Holm.

Reading, "Everybody's Husbands"—Mrs. C. L. Burnett.

As a fitting climax to the program, the Whittier teachers dressed in costume and sang a song composed by Miss Barrett.

A short business session consisting of the minutes of the last meeting then followed. The association went on record as backing the revised teachers retirement fund measure now before the legislature for consideration and asked the secretary to so advise the State Senator C. Rosemeier. A motion was made and carried that the Whittier P. T. A. would sponsor a recital to be given by Miss Johnson and Miss Hartzberg at the high school sometime in May.

The meeting then adjourned, and the lunch committee consisting of Mrs. Wm. V. Turcotte, chairman, Mrs. F. E. Stout, Mrs. Frank G. Hall, Mrs. Charles W. Hoffman, Mrs. Vern Hitch and Miss Maggie Atherton served a tasty lunch.

SENT 100 BOXES OF CANDY TO LADY OF HIS AFFECTIONS

San Francisco, Calif., March 12.—(UP)—Joseph W. Payne, Nevada mining man, doesn't post as an expert on affairs of the heart, but he gave a superior court jury several tips today on what not to do.

For instance, Payne explained during the trial of his \$25,000 breach of promise suit against Mrs. Maude Meredith, candy, even in quantities, will not necessarily capture the object of your affections. He tried it to the extent of 100 boxes, he said, without much success.

The \$25,000 was Payne's estimate of his losses from candy, an engagement ring, an automobile and injured feelings. For her part, Mrs. Meredith said she was annoyed by his proposals and refused them.

TOWN OF NITRO ON AUCTION BLOCK

Charleston, W. Va., March 12.—(UP)—The town of Nitro, near here, was placed on the auction block today when Federal Judge George W. McClintock ordered it sold to satisfy a government lien of \$950,448.

Nitro came into existence during the world war as an explosives manufacturing center. It was built by the government at a cost of \$70,000,000 and was sold, after the war, to the Charleston Industrial corporation.

When the corporation defaulted, the government foreclosed a mortgage and declared a receivership under which the city has been operating since October, 1927.

CHARGED WITH SLAYING UNIDENTIFIED MAN

Indianapolis, March 12.—(UP)—Final arguments were completed today in the trial of Harold Herbert Schroeder on a first degree murder charge, and court was adjourned until 2 p. m.

Schroeder is charged with murdering an unidentified man whose charred body was found in Schroeder's burning automobile last May 31.

Dick Holzer of Moorhead and Frank Cleve of Concordia College, Moorhead, will be the officials in charge of play. The former is known to Brainerd fans, having refereed the Crosby-Ironton-Brainerd game one year ago. He is efficient, explaining technical and personal fouls as they are called.

Attendants at the games in Brainerd will have no cause for worry concerning automobiles parked outside the school. The police department of Brainerd has employed plain clothes men to patrol the parking places outside the school to prevent molesting of vehicles.

The doors will open at 7 P. M.

Gov. Olson Signs Bill Creating Lindbergh Park

St. Paul, March 12.—(UP)—Governor Floyd B. Olson, Minnesota's first farmer-labor governor, today signed the measure creating a state park of the home of Charles A. Lindbergh, near Little Falls.

Lindbergh's father was a rival for the gubernatorial nomination against Olson seven years ago. The measure carried \$5,000 for care of the farm where the New York to Paris flier spent his childhood.

FIREMEN BRING SURPRISE

Mrs. Margaret Halvorson Unaware of
Chimney Fire Until Firemen
Reach Home

Fire fighters of the forestry department and the Brainerd fire department won a battle today over a sawdust fire in West Brainerd that has smouldered for days, throwing a heavy pall of smoke over the city.

Two firemen and one member of the forestry department had been patrolled to the fire. It was located southeast of the tourist camp and was believed to have started from flames used in clearing brush.

At 8:10 a. m. today the fire department extinguished a roof fire which did \$15 damage to the home of John Johnson, 702 North 9th street. The blaze was caused by sparks from the chimney.

LEGION PLANE TO ARRIVE MARCH 21

Brainerd Included on Itinerary of E.
L. Lindell, Retiring
Adjutant

As a tribute to Edwin L. Lindell of Minneapolis, who retires as state adjutant on March 27, Minnesota Legionnaires have arranged a farewell airplane tour of the state March 21-22-23 with Legionnaire Ray Miller of St. Paul as pilot and Adjutant Lindell as passenger.

The plane will stop on March 21 at Pine City, St. Cloud, Brainerd, Duluth, Grand Rapids, Virginia and Hibbing; on March 22 at Bemidji, Thief River Falls, Crookston, Detroit Lakes, Wadena, Fergus Falls and Moorhead; on March 23 at Morris, Willmar, Marshall, Worthington, Mankato, Austin, Rochester and Faribault.

To these points, representatives of Minnesota's 470 American Legion posts will bring batches of 1931 Legion memberships, the aim being to exceed the state Legion membership quota of 27,000 by the time Mr. Lindell steps out of office on March 27 at the annual department spring conference in Hotel Saint Paul.

The feat of surpassing the state's annual membership quota so early in the year has never been accomplished heretofore by Minnesota Legionnaires, and they feel, according to A. B. Kappin of Duluth, state commander, and Oscar Youngdahl of Minneapolis, state membership director, that it would be a fine tribute to their retiring state adjutant if they make it possible for him to deliver an 'overtop' department to his successor, who will be chosen by the department executive committee at the annual Legion spring conference in St. Paul, March 27. About 2,500 members are needed.

According to Legionnaire Ray Miller of St. Paul, the plane pilot, the farewell tour of Department Adjutant Lindell calls for arrival at the points indicated, as follows:

Saturday, March 21, reach Pine City 9:45 a. m.; St. Cloud 10:45 a. m.; Brainerd 11:30 a. m.; Duluth 2:45 p. m.; Grand Rapids 3:45 p. m.; Virginia 4:30 p. m.; Hibbing 5 p. m. Sunday, March 22, arrive at Bemidji 10 a. m.; Thief River Falls 11:15 a. m.; Crookston 12 noon; Detroit Lakes 2:30 p. m.; Wadena 3:15 p. m.; Fergus Falls 4 p. m.; Moorhead 5 p. m. Monday, March 23, reach Morris 9:45 a. m.; Willmar 10:30 a. m.; Marshall 11:30 a. m.; Worthington 1:45 p. m.; Mankato 3 p. m.; Austin 4 p. m.; Rochester 4:30 p. m.; Faribault 5:15 p. m.; St. Paul 6 p. m.

Except at noon and at night, the average stop will be for 15 minutes.

NEWATER
NEWATER is primarily a cleaning agent. Incidentally it happens to be the best water softener on the market, and we recommend it as an inexpensive, harmless and non-corrosive agent for that purpose. However, our chief aim in placing NEWATER on the market was to supply the homes, factories, garages, dairies, etc., with a product of unequalled merit for every cleaning purpose. Everybody who once uses NEWATER is impressed with its efficiency for scrubbing, dish washing, in the laundry, for toilet and bath purposes, for cleaning greasy machinery and parts, for cleaning silverware, for brightening glassware and chinaware, in fact for cleaning or washing everything cleanable. It does the work cleaner, better, quicker, and less expensively.

Avoid Half-Cured Colds!

Half-cured colds are a source of great danger! Many a case of Flu grows out of them. When you catch cold take steps to get it out of your system quickly and cleanly. That calls for something more than your old-fashioned cold "cures." It calls for a treatment such as McKesson's Darol. Darol acts with double speed and effectiveness. Changes the system from an acid condition to alkaline condition, in which cold and gripe germs do not thrive. Two tablets every three hours with a full glass of water will usually stop a cold in 6 hours and drive it completely out of the system in 12. No bad effects on heart or stomach. Equally effective for headaches and the pains of neuralgia and neuritis. Get Darol at all McKesson Service Drugists and other independent drug stores with guarantee of satisfaction or money back. A McKesson product. advt.

Goitre Not a Disease

Milwaukee Doctor Makes Remarkable Discovery

Milwaukee, Wis.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. A-44, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. Write him today. —advt.
